

PRESS RELEASE

Westport Commences Trading on Nasdaq

August 18, 2008

VANCOUVER, BC – Westport Innovations Inc. (TSX:WPT / Nasdaq: WPRT), a global leader in alternative fuel, low-emissions transportation technologies, announced today that it has commenced trading on the Nasdaq Global Market under the symbol "WPRT". Westport's common stock is dual listed on both the Toronto Stock Exchange (under the symbol "WPT") and the Nasdaq.

"Our U.S. shareholder base has increased substantially over the past 18 months as a result of increased awareness of Westport's international achievements and opportunities" said David Demers, CEO of Westport Innovations. "At our AGM in July, 99% of our shareholders approved the proposal to execute a share consolidation and international listing application to help improve liquidity and access to capital. We are pleased to commence trading on Nasdaq, a premier exchange for growth oriented companies."

About Westport

Westport, a division of Westport Fuel Systems Inc., engineers the world's most advanced natural gas engines and vehicles. We work with original equipment manufacturers worldwide from design through to production, creating products to meet the growing demand for vehicle technology that will reduce both emissions and fuel costs. Cautionary Note Regarding Forward Looking Statements

This document contains forward-looking statements, including statements regarding the demand for our products, the future success of our business and technology strategies, investment, cash and capital requirements, intentions of partners and potential customers, the performance and competitiveness of our products and expansion of product coverage, future market opportunities, speed of adoption of natural gas for transportation, growth in demand as a result of new emission standards and terms of future agreements. These statements are neither promises nor guarantees, but involve known and unknown risks and uncertainties and are based on assumptions that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activities, performance or achievements expressed in or implied by these forward looking statements. These risks and assumptions include risks and assumptions related to our revenue growth, operating results, industry and products, the general economy, conditions of and access to the capital and debt markets, governmental policies and regulation, technology innovations, fluctuations in foreign exchange rates, global government stimulus packages, the acceptance of natural gas vehicles in fleet markets, the relaxation or waiver of fuel emission standards, the inability of fleets to access capital or government funding to purchase natural gas vehicles, the sufficiency of bio methane for use in our vehicles, the development of competing technologies as well as other risk factors and assumptions that may affect our actual results, performance or achievements or financial position discussed in our most recent Annual Information Form and other filings with securities regulators. Readers should not place undue reliance on any such forward-looking statements, which speak only as of the date they were made. We disclaim any obligation to publicly update or revise such statements to reflect any change in our expectations or in events, conditions or circumstances on which any such statements may be based, or that may affect the likelihood that actual results will differ from those set forth in the forward looking statements except as required by National Instrument 51-102.
