Westport Fuel Systems Awarded Key Electronics Supply Contract

August 31, 2020

Estimated revenue of US\$58 million over seven-year period

VANCOUVER, BC - Westport Fuel Systems Inc. ("**Westport Fuel Systems**" or the "**Company**") (TSX:WPRT / Nasdaq:WPRT) today announced that it has been awarded a long-term agreement for the supply of electronic control units to a leading Tier One automotive supplier.

Westport Fuel Systems will manufacture and supply the electronic control units that will be integrated in the electric water pumps of two light-duty vehicle models of the counterparty automotive original equipment manufacturer ("**OEM**") in Europe, starting in the first quarter of 2021. The electric coolant pump is the core component of the vehicle cooling system and will result in reduced energy consumption and lower emissions. The electronic control units are to be supplied over a seven-year period with an estimated sales value of US \$58 million.

Westport Fuel Systems is a global leader in gaseous fuel components and systems for clean transportation and this new contract confirms the competitiveness of our electronics product offerings and manufacturing capabilities

"This supply contract is further evidence of our ability to offer diverse, competitive and market-leading products and services to the global automotive industry" said David M. Johnson, Chief Executive Officer of Westport Fuel Systems.
